

College of Business

The College of Business is a highly respected graduate school with a stellar reputation in Korea and throughout the world for research and teaching in technology-based management. The school was founded in 1996 as the first full-time MBA program in Korea. KAIST College of Business formed three individual schools under its umbrella;

- Graduate School of Management (Techno-MBA, IMBA, Executive MBA, Professional MBA, Social Entrepreneurship MBA)
- Graduate School of Finance & Accounting (Finance MBA, Master of Financial Engineering)
- Graduate School of Information & Media Management (Information & Media MBA, Master of Information Management)

Each school's programs offer rigorous academic and applied courses along with extensive international exposure so that students can better deal with the future competitive environment.

The Department of Management Engineering (Management Engineering MS/Ph.D.) was added in 2009.

Overview

□ SE (Social Entrepreneurship) MBA Program

Social Entrepreneurship MBA is a new program launched in 2013 through the collaboration of SK group

and KAIST College of Business in order to foster prominent social entrepreneurs with business skills and passion in social innovation.

SE MBA program aims to provide management training specialized in social enterprise establishment which brings social innovation and changes our society in more entrepreneurial ways to resolve world's most pressing problems.

The curriculum is focused not only on fundamental knowledge on business management, but also on SE courses related to business plans and SE Start-up processes.

SE MBA program supports students by providing a chance to directly engage in problem solving processes with joint efforts of local social enterprises and the regional community. Students are requested to join SE start-up programs such as a two-week overseas field trip.

Throughout the SE MBA program, students can build management knowledge, hands-on experiences, social entrepreneurship and global capacity.
