

<b>Graduate Minor Program in Entrepreneurship and Innovation</b>	<b>Website:</b>
	<b>Office:</b>

■ **Introduction**

The purpose of the Graduate Minor in Entrepreneurship and Innovation Program lies in raising graduate students' interest in business startups and, ultimately, training them as creative and talented entrepreneurial leaders who are equipped with the entrepreneurship skills demanded by the 4th Industrial Revolution; these skills can be summarized by creativity, challenge, and innovation, and will provide graduate students with the opportunity to take diverse courses provided by the K-School and complete the minor program.
