

❑ Graduate Program

GSAT provides Master of Science degree program. The degree is given with Automobile Technology Major. However, it can be given with the dual title of Mechanical or Electrical Engineering Major if a certain condition is fulfilled.

❑ Research Groups

1. Next generation propulsion device and environmental technology
2. Safety and reliability technology
3. High performance/multi-purpose vehicle design technology
4. Vehicle control and mechatronics technology
5. Traffic management and intelligent vehicle technology
