

Graduate Program

■ Graduate Program

○ Master's Degree Program

The goal is to educate "originators" who will lead the global culture content business. The students perform the interdisciplinary research on fundamental and applied technology pertinent to CT. They plan culture contents and create content business model through projects and hands-on experiments.

○ Doctoral Degree Program

The students perform in-dept research and projects on fundamental and applied technology pertinent to CT. The research and industry projects will be closely connected to supply Ph.D.'s to culture industry and education as professors and researchers upon completion of the program.
